

Prohibited Calculators:

- pocket organizers
- handheld or laptop computers
- electronic writing pads or pen-input devices
- calculators built into cell phones or other electronic communication devices
- calculators with a typewriter keypad (keys in QWERTY format)
- calculators with built-in computer algebra systems
- Casio: Algebra fx 2.0, ClassPad 300, all model numbers CFX-9970G
- Texas Instruments: TI-89 or TI-92
- Hewlett-Packard: hp48GII, hp49G, hp-38G, hp48G
- calculators with paper tape
- calculators that make noise
- calculators that can communicate wirelessly with other calculators
- calculators with power cords

JUDGES NOTE: TI-89'S LOOK LIKE TI-83'S AND TI-86'S SO YOU NEED TO WALK AROUND AND CHECK THE NUMBER IN THE TOP RIGHT CORNER OF THE FRONT OF EACH CALCULATOR DURING THE TESTS. THANK YOU!
