“Attached are updated restrictions for YEAR C of our three year rotation of topics (2015-2016). These should be discussed, modified if necessary, and voted upon at your upcoming meeting.

There’s really not much change. Most of the ‘red’ additions come from the Notes on Questions from 2012-2013...now just becoming part of the restrictions.

There is one issue...Taxicab Geometry. It was a ‘stretch’ to write those questions...and there’s really not much else I can write which is reasonable. We need to change that topic. I have an idea, but it won’t be ready for the Fall meeting.

I ask that you approve the restrictions as amended with the exception of Taxicab Geometry...which will be addressed at the Spring meeting. “
