Mary Pat Carr (SWSC Representative) held the meeting over Zoom at 3:15 p.m.

MPC- How did the November contest go?

CR- Used Google slides.

EJ- Created one Google form for each student. Linked directly to the pdf files. No technical issues. It went pretty smoothly. Printed out on one master form.

MPC- Are Mathletes going to award trophies this year?

EJ- Thinks that Bradley did not run the 2nd or 3rd contest.

ML- Can we host a contest at school?

MPC- District 230 can only have instructional purposes only for on-campus activities.

MPC- Are any schools allowing activities on campus right now? Let me know if I should go pick up trophies?

CR- All of us have bad participation right now. I don't think we should have trophies.

EJ- Letting everyone do the contest and I count the top 6 scores. (So no alternates) I had 18 seniors. Everybody is coming out.

MPC- what I am hearing is that this is not going to be a trophy-awarding year. Is there anyone who feels differently about that?

MW- If we could run SWSC V in person, then we could still award a SWSC trophy.

LP- I agree with Matt. Also, the state math contest committee will meet on December 5 to make decisions about this year.

MPC- I will go back and report to the SWSC committee that as of right now, it is a no-trophy year unless we could have SWSC V in person. We are not using the video recorded oral competitions. It is important to give the students this opportunity. Thank you for doing what you can to have these competitions.

Meeting ended at 3:28 p.m.
