Meeting called to order at 7:06

Minutes approved from the last meeting. (Bradley/ Thornton)

SWSC Business

Updated the coaches' information sheets

Dr. McLeod stated that the calendar will be finalized tomorrow (8/23/2012).

Dr. McLeod discussed a protocol for late (or non-) arrival for a competition due to poor weather.

Most recent by-laws for SWSC Mathletes, all changes in the by-laws must be made in the spring as of now no adjustments.

The new site should be active in September; it will be linked with Athletics 2000.

Calendar

There will not be a spring Mega-Meeting, but rather a smaller group meeting. February 12th at LWE at 4:30 PM is the date for this meeting.

Website

Nothing to update.

Question Writer Report

There were a few changes for charts/graphs/data question will ask two things and point values have changed.

Factoring will allow -1 to be accepted.

Oral competitions table data will be given before the competition so numbers are in correctly, but hands off.

Conic sections in Euclidean form are tricky. Contest 2 will be pure Taxicab.

Restrictions 13-14:

Competition B (2 and 4) removed quadrilaterals and triangles. Composite shapes

Contest 4-using law of sines, there will be a problem that will compose of manipulating a, b, and c to avoid the issue with radians and degrees.

Motion to approve (Thornton/Joliet Central)

Proposed Calculator:

Eliminate graph in parametric and polar form Motion to approve (Andrew, Thornton)

Adjourned at 7:38. (Lincoln Way West, Joliet West)

Respectfully Submitted by Melissa Makovsky
